

MATERNITY PACKAGE PLAN AGREEMENT

The Maternity Package Plan Agreement is a program offered by Sarasota Memorial Health Care System, which provides families with an economical package of maternity services. The plan offers packages designed to meet most medical needs, including normal vaginal delivery and scheduled Cesarean births. This program is only available to families without maternity insurance coverage. Fees include all indicated hospital charges for uncomplicated deliveries but do not include physician fees or intensive care services for mother or baby. **Full payment must be made 30 days before the expected due date.**

Complications do sometimes arise that require additional services for mother or baby, such as an admission to the NICU or an unscheduled Cesarean. These situations would materially change the cost of the services provided to you and your package plan price will change.

Plan I: Vaginal delivery, no complications (up to 48 hrs)	\$3,500
Plan II: Vaginal delivery, no complications with Tubal Ligation (up to 48 hrs)	\$5,000
Plan III: Scheduled Cesarean birth, no complication (up to 72 hrs)	\$6,000
Plan IV: Scheduled Cesarean birth, no complication with Tubal Ligation (up to 72 hrs)	\$8,250

Standard services for all plans include:
 Birthing Room Medical Supplies
 Recovery Room Pharmacy Supplies
 Nursing Care Laboratory Services
 Nursery Surgical Supplies if (applicable)
 Fetal Monitoring Epidural

There will be a charge from the anesthesiologist to administer the Epidural. Please call SAPA 366-2360 for information on physician charges.
 The maternity package plan applies only to the actual delivery. Any prior visits to the hospital will be charged separately.
 Childbirth education and related education is not included in this price. For information on childbirth education programs, please call 917-1700

The maternity package plan costs will change if any of the following occur:
 Baby stays beyond mother's discharge or is admitted to Intermediate or Neonatal Intensive Care – These charges will not be covered by the package plan agreement.
 Stays beyond 48 hours for vaginal delivery & 72 hours for cesarean section after delivery will result in a \$500.00 per day increase for each additional day.
 Twins – 50% will be added to the package plan selected.

These prices are based on non-complicated vaginal or cesarean deliveries. In the case of complications, the package plan fee will be renegotiated on a case by case basis.

Selected Plan: _____ Price: _____

I hereby acknowledge that I have read and understand the above explanation of the Sarasota Memorial HealthCare System Maternity Package Plan and have received a copy of this agreement.
